WELCOME TO FIRE AND FEAST

We hope you enjoy staying with us, please ask if there is anything we can help with. Our phone numbers are just inside the barn.

THE FIRE AND FEAST MEADOW is home to butterflies and moths, bees and insects, and sometimes hares and deer as well as flowers and grasses. Please help us to keep their homes safe by using the paths we have cut in the grass rather than running through the unmown areas. Look for the family of pheasants and the two young hares that have moved in.

LOCAL WALKS Guides to walks from the farm are available on the coffee table in the barn. If you would like advice on walking further afield please do ask

- 1 teaspoon of butter; 2 teaspoons of brown sugar; 1 small eating apple;
- 1 scotch pancake (either bought or made at home in advance); small square of foil;
- 1 washed and cleaned tuna tin (we have some you can borrow)

WHAT'S HAPPENING ON THE FARM

Next to the camping meadow you will see our rewilding fields that have been cut to encourage wild flower growth through the summer. Our turkey chicks are turning into Turkey Teenagers, they have lost all of their cute fluff and now look a bit gangly and awkward! They are nearly big enough to start going outside, this usually happens in Mid September. You may hear or see a Combine Harvester in the distance, weather dependent! We are harvesting the grain we grow to feed the turkeys.

WALK OF THE WEEK - EXPLORING OUR ROMAN ROAD

Distance: 2 miles

Terrain: Tracks,
footpaths and
country lanes

Easy walking
Ascent 11m

Turn right out of the Fire and Feast track and walk down the road until you see the left turn into Manse Lane, take this. After the tunnel of trees, a left turn into Tongs Lane takes you to the start of the Roman Road, which has been used as an ancient trackway ever since it was built around 1900 years ago. Follow the bridleway along the Roman Road until you come to a footpath crossing the track in both directions. Take the left hand path across a narrow bridge into fields of barley and wheat, coming out onto another track over a small bridge. Turn right onto the trackway and see the road ahead. Turn left at the road and then left again into Swan Green Lane. The Fire and Feast entrance will be the first turning on the right along Swan Green lane.
